

Let's Get It Up

My, my, my
Loose lips, sink ships
So come aboard for a pleasure trip
It's high tide, so let's ride
The moon is rising and so am I
I'm gonna get it up
Never gonna let it up
Cruising on the seven seas
A pirate on my knobby knees
I'm never going down, never going down

So let's get it up, Let's get it up
Get right up, yeah
Let's get it up, Right to the top
Let's get it up, Right now-

<NO BREAK>

Loose wires cause fires
Getting tangled in my desires
So screw 'em off, and plug 'em in
Let's switch it off and start all over again
And I'm gonna get it up
Never gonna let it up
Ticking like a time bomb
Blowing up the fuse box
I'm never going down, never going down

<Lead Break>

Ah- let's get it up,

COME ON!

Let's get it up

Ah,

Get it, Get it

Let's get it up

Switch it on, start it

Let's get it up

Ahh, yeah, yeah!

Come on, Let's get it up

Gaga gaga, ooohhh

Let's get it up

Oh yeah

Let's get it up

Oh,

lets get it up

<pause>

Get it up

Get it up

Ga, ga GO

– Right Up- hah
